“To Blue, 4444”
Koopaboo

The skyline,
it always turns to blue

The skyline,
it always turns to blue

And always,
I always reach for you

for you…
for you…

The bluebells,
they ring before they sing

The bluebells,
they ring before they sing

The skyline,
it always turns to blue

The skyline,
it always turns to blue

4444,
It’s true.
